

Grateful Patients, Grateful Families: “It Matters Where You Go”

Dave Edmonds, 83, was enjoying retirement from his 51-year law practice more than he had anticipated, spending quality time with Jane, his wife of 60 years, his three children and nine grandchildren. Then, in early November 2020, the longtime Heritage Hills resident began feeling ill, became symptomatic and tested positive for COVID-19.

His family was greatly concerned about Dave contracting COVID, as he had multiple pre-existing conditions including COPD, diabetes and kidney disease which would have put him at extreme risk. They advised him to get to the hospital right away.

Upon arrival at SSM Health St. Anthony hospital, Dave was directly admitted and placed under the care of Dr. Greg McKinnis, who calmly explained the situation and the steps needed to begin treating Dave at the hospital. Dave was placed for care in the COVID Unit on the 10th Floor and immediately began treatment that included a regimen of Remdesivir, IV steroids and oxygen.

Dave’s granddaughter, Adele Edmonds, who had been working as a COVID Intensive Care nurse in the Chicago area before relocating to Oklahoma City just weeks prior to Dave’s illness, credits the treatment and timely, proactive steps taken by the Saints health care teams. She believes the strategy prevented him from worsening and requiring a move to the ICU.

Adele had seen in her own experience in Chicago hospitals, the good results in COVID patients from receiving similar treatment. Adele has great admiration for the Saints approach and is convinced it saved her grandfather’s life.

Jane, 82, a healthy, former marathon runner, was also COVID-positive at the time, but with less-severe symptoms. While recovering at home, she was able to communicate with her husband in his hospital room via iPad. Adele praises the Saints nurses and doctors for their patience, kindness, and professionalism in their frequent communication with her as the family’s designated representative. *(Cont’d Pg.3)*

A message from SSM Health Oklahoma Regional President Joe Hodges

Joe Hodges

Fall is in the air, and I hope you are taking some time to enjoy the cooler weather we have been experiencing!

On July 1, SSM Health Oklahoma expanded its health ministry in eastern Oklahoma, when the hospital located in Seminole, OK joined SSM Health. We are so pleased to now be a part of the Seminole community as we enhance services in yet another rural community in Oklahoma in our efforts to improve the health of Oklahomans.

The hospital in Seminole operates as a part of our SSM Health St. Anthony Hospital - Shawnee health ministry under the leadership of Angi Mohr, President, and her executive team. We have appreciated a very warm welcome by the community.

Within our rural affiliate health network, Purcell Municipal Hospital, one of our managed hospitals, is preparing to open a new hospital on November 2 adjacent to I-35. We could not be more pleased that the residents of Purcell and surrounding communities will have a state-of-the-art facility to access health care thanks to the vision and commitment by the City of Purcell to ensure health care in this area for decades to come. Next door to the new hospital, construction is underway on a new SSM Health Medical Group medical building. The SSM Health Medical Group providers currently located on the existing Purcell hospital campus will move to this site when it is completed in February 2023, and new urgent care services will open at that time as well.

Like many industries across the nation and world, health care is challenged daily to address supply chain issues as well as the rising cost of labor and staff shortages in a wide range of vital positions. SSM Health Oklahoma is working diligently to stay ahead of potential supply shortages and is seeking innovative ways to recruit and retain talent. In this regard, we are placing an emphasis on making SSM Health Oklahoma a fun culture for our team members and ensuring that we recognize those who are role models for demonstrating our Mission and Values.

The challenges resulting from rising costs make the generous financial support by you, our donors, even more important to ensure we can continue to serve all who need our care. In this issue I invite you to read more about how your donations are having a positive impact.

Thank you for your continued support and for making a difference for our patients.

SSM Health Oklahoma assumes operations of Seminole Health Care facility

SSM Health Oklahoma is pleased to have officially assumed responsibility for operations associated with the health care facility located at 2401 W. Wrangler Blvd. in Seminole, OK.

On July 1, 2022, the facility became SSM Health St. Anthony Hospital - Shawnee, Seminole Campus.

“SSM Health St. Anthony is dedicated to expanding access to high-quality health care throughout our state, with a proven, long-standing focus in eastern Oklahoma,” said Joe Hodges,

Regional President, SSM Health Oklahoma. “This is an exciting moment for our organization. Our Saints in Action are members of the communities we serve, representing our values of compassion, respect, excellence, stewardship and community not only in exceptional patient care, but in their schools, churches and neighborhoods, as well.”

The transition includes a full-service emergency room, laboratory services, imaging, inpatient services, physical therapy and a wound care center in nearby Shawnee, OK. Four primary care providers have also joined SSM Health Medical Group on the Seminole campus, including Dr. Stephen Feuerborn, Marah Canfield, APRN-CNP; Amanda Kuehner, APRN-CNP and Tessa Tate, APRN. Angi Mohr, President, St. Anthony Hospital - Shawnee,

and her leadership team will oversee this facility. “As a lifetime rural Oklahoman myself, and with personal ties to the Seminole Community, it is an exciting opportunity to work alongside the wonderful caregivers who have just joined our organization,” Mohr said. “Our incredible employees help us deliver our Mission, ‘Through our exceptional health care services, we reveal the healing presence of God,’ and I speak for the entire leadership team and our Saints in Action when I say that we are proud to provide health care to the community of Seminole.”

Grateful... *continued*

“They were so amazing. So patient,” says Adele. Jane was so moved as to have Starbucks gift cards delivered to the care unit in gratitude. With a completed Remdesivir regimen and improved lab results, Dave was discharged from St. Anthony after five days. Steroid-related complications brought a return trip, but it was short-term as well.

Dave considers himself a COVID “long-hauler” due to some lingering neuropathy in his legs and kidney issues, but he and the entire family express gratitude for the care he received. He says he has essentially now returned to his pre-COVID health status – less 60 pounds!

The family is very gratified by the decision to come to St. Anthony for Dave’s treatment. Dave and Jane have even begun transferring many of their longtime provider allegiances to Saints. They understand - more than ever - just how much it matters where you go for health care.

Where to access care through SSM Health

We are here when you need us!

From routine care to world class orthopedic surgery, SSM Health is here for you and your family. SSM Health in Oklahoma includes:

- [St. Anthony Hospital](#) (Oklahoma City)
- [Bone & Joint Hospital at St. Anthony](#) (Oklahoma City)
- [St. Anthony South](#) (Oklahoma City)
- [SSM Health Outpatient Center](#) (Oklahoma City)
- [St. Anthony Hospital - Shawnee](#) (Shawnee)
- [St. Anthony Hospital - Shawnee, Seminole Campus](#) (Seminole)
- [St. Anthony Hospital - Midwest](#) (Midwest City)

The SSM Health network in Oklahoma also includes five convenient Healthplex campuses:

- [13401 N. Western Ave., Oklahoma City, OK 73114](#)
- [3400 S. Douglas Blvd., Midwest City, OK 73150](#)
- [13500 S. Tulsa Drive, Oklahoma City, OK 73170](#)
- [201 S. Sara Road, Mustang, OK 73064](#)
- [3333 Territory Lane, El Reno, OK 73036](#)

The [SSM Health Medical Group](#) in Oklahoma has more than 350 primary care and specialty providers. Find a doctor near you.

SSM Health St. Anthony believes that health care is best delivered locally. That's why we have partnered to create the SSM Health St. Anthony Affiliate Health Network to work closely with hospitals in communities across Oklahoma to keep as much care close to home. For patients, this means easier access to St. Anthony specialists without the worry of time and expense of travel to Oklahoma City. From specialty outreach clinics in communities to telehealth services, we are pleased to work with 16 rural affiliate hospitals.

Managed Hospitals:

- [Beaver County Memorial Hospital](#) (Beaver, OK)
- [Cordell Memorial Hospital](#) (Cordell, OK)
- [Harper County Community Hospital](#) (Buffalo, OK)
- [Okeene Municipal Hospital](#) (Okeene, OK)
- [Purcell Municipal Hospital](#) (Purcell, OK)
- [Weatherford Regional Hospital](#) (Weatherford, OK)

Regional Affiliate:

- [Fairview Regional Medical Center](#) (Fairview, OK)

Affiliate Hospitals:

- [Elkview General Hospital](#) (Hobart, OK)
- [Great Plains Regional Medical Center](#) (Elk City, OK)
- [Quartz Mountain Medical Center](#) (Mangum, OK)
- [Seiling Municipal Hospital](#) (Seiling, OK)
- [Southwestern Medical Center](#) (Lawton, OK)
- [Stillwater Medical Center](#) (Stillwater, OK)

Tier 1 Affiliates:

- [Newman Memorial Hospital](#) (Shattuck, OK)
- [Share Medical Center](#) (Alva, OK)
- [St. Mary's Regional Medical Center](#) (Enid, OK)

We promise to deliver the same values - commitment, compassion and care - to every person who steps through our doors. To us, you are more than patients. You are our family, our community and our neighbors. We are Saints in Action. Here for Oklahoma.

Your donations at work

Family Medicine Clinic and Residency Program expansion

The longtime dream of a new Family Medicine Clinic and Residency Program at SSM Health St. Anthony Hospital is approaching reality - and donors to the Foundation are making it possible. Construction is well underway on the project which will relocate and significantly expand the Clinic and Residency Program. Square footage, number of patient rooms and patient visits will all increase significantly and improvements to the educational space will attract top students.

Joyful Beginnings Proceedings!

Caution: Hard hat area!

Construction is also well underway on a project to expand the Joyful Beginnings Childbirth Center at St. Anthony Hospital.

The work includes creation of eight new postpartum rooms, a new nurses' station and other welcoming spaces for families where every mother-to-be and new mother will be treated with respect, compassion and dignity.

Thank you for your generosity!

Philanthropy plays a vital role in continuing our Mission of providing exceptional, compassionate health care in our communities. You are a part of our lifesaving work, and we are grateful for you. We are honored to recognize your generosity here. The list below reflects donors who made a gift between January 1 and June 30, 2022.

Saints Ball 2022: It was a magical night in Paris

On the evening of November 4th, the Foundation held its annual Saints Ball fundraiser at the National Cowboy and Western Heritage Museum. The theme for the evening was “A Night in Paris.” Co-chairs for the Ball were Julie & Rick Naifeh and Drs. Pooja Singhal and Nigam Sheth.

The black tie event was attended by more than five hundred guests and featured dinner, live and silent auctions, raffles, a rousing Fund-the-Mission session and more. After the program, guests danced to live entertainment by The Stars Band.

More than \$672,000 was raised for Areas of Greatest Need at St. Anthony through event sponsorships, ticket purchases, auction proceeds and donations.

2022 Saints Ball Co-chairs Dr. Nigam Sheth, Dr. Pooja Singhal, Julie Naifeh, Rick Naifeh

World on a String Quartet set the mood early with classic French musical selections.

Just some of the many items offered in the silent auction. Proceeds benefited Areas of Greatest Need.

Tables were set in a beautiful Parisian garden theme.

SEE Program addresses needs of Saints health care workers

The COVID-19 pandemic has had an indelible impact on so many aspects of our lives. For health care workers, the unique stressors of the last two years have introduced challenges, fears and a general rebalancing at work, at home and everywhere in between. No matter how therapeutic it would be to do so, there is simply no way to turn the pandemic “off.”

A grassroots group of Saints in Action has gotten together and asked frontline caregivers, “What would help you most? What can SSM Health St. Anthony do to support you as you endeavor to provide exceptional health care experiences to our patients?”

As a result, the SEE Program was born. SEE stands for “Supporting and Encouraging Employees.” Administration, Nursing, Pastoral Care and other departments have worked to pull together resources to help support their fellow Saints in Action. Therapists, stress-reduction webinars, yoga and meditation sessions, quiet spaces, a prayer request line, a therapy dog program, and roving lavender carts stocked with snacks, refreshments and encouraging notes and cards are a few of the ways SEE is addressing Saints employees’ mental, emotional, spiritual and physical needs during these unprecedented times.

Donors to the Foundation have played a significant part in providing these resources to care for our health care workers, some of which have been funded through the Foundation’s Saints Urgent Response Fund. To donate to the Saint Urgent Response Fund and bless the lives of our care teams as well as our patients, visit [GiveToSaints.com/donate](https://www.givetosaints.com/donate) or call 405-272-7070.

Going to the dogs...Therapy Dogs that is!

Pet therapy days at SSM Health St. Anthony Hospital have become the favorite work days for many Saints employees. They look forward to getting their fill of puppy love!

Pet therapy has been proven to lower stress and anxiety as well as to boost mood. With this in mind, Saints leadership has arranged for fully licensed furry friends to visit our caregivers where they work. Honorary Saints in Action like Nikita, Louis and PJ (*pictured above*) offer hugs and licks to those who can briefly step away from their stations in exchange for lots of petting. There are a total of nine therapy dogs currently doing their part for the Mission with plans to increase the number to twelve.
